

### The Unemployed of New York.

New York, November 6.

The petition of the working men, was last evening referred by the Aldermen to the Finance Committee.

The Common Council passed a resolution authorizing the regulation and grading of Hamilton Square, in order to furnish work for the unemployed.

Superintendent of Police, Tallmadge, recommends the formation of a small force of policemen, armed with revolvers, to be in readiness for any emergency, and thus render unnecessary the use of the militia.

The working men made another demonstration to-day, holding meetings in Tompkins Square, Wall Street, and the Parks. They marched about the city in procession, carrying a banner, on which was inscribed—"We want work." The demonstration was not so numerous or noisy and threatening, as that of yesterday.

### New York Elections.

New York, November 4.

It is too soon to announce positively the result of the election in this State.

Returns from about 170 cities and towns, are published this morning, exhibiting the following result: Democrats, 70,900; Republicans, 43,700; Americans, 15,600, in which is included the vote of New York City, which is as follows: Democrats, 36,903; Republicans 13,812; Americans 8,952.

The Herald says that if the returns from other parts of the State show the same Republican losses, and Democratic gains as in our table, the Democratic State ticket is elected.

The Times thinks the Republican State ticket is elected. The Tribune is in doubt.

The Journal of Commerce thinks there is a fair chance that the State is revolutionized.

### Maryland Election.

Baltimore, Nov. 4.

In this city the whole American ticket is elected, including Harris and Davis, from the third and fourth Congressional districts.

The American maj. in Baltimore City is over 9,000.

Kunkel, Dem., gains the 5th Congressional district.

### LATER FROM CALIFORNIA.

ARRIVAL OF THE STAR OF THE WEST.

New York, November 4.

The steamship Star of the West, has arrived. She brings California mails to October 1st, and \$1,200,000 in treasure.

News from California, are six days later than that received by the Quaker City.

The rains had commenced, but comparatively little damage done.

Col. Fremont has purchased the Merid and Mariposa canal.

Two more citizens of Carson Valley, had been murdered by the Washington Indians. They have obtained arms of the government to defend themselves.

Two weeks later South American news has been received, but of no importance.

Castillo, with 5,000 men, had not ventured to attack Arequipa.

A few skirmishes had taken place without much advantage on either side.

A shock of an earthquake was felt at Panama, on the 15th of October.

Don Rafael Escalante has been elected as President of Costa Rica.

### ARE YOU SICK!

Then you can't be cured too soon. Don't delay until your complaint is incurable, and then mourn when it is too late. Four-fifths of all the diseases which people the church-yards, might be cured by Ayer's Cathartic Pills, if taken in season. Don't go dragging through the Spring, faint, sleepy and listless, because your blood is loaded with bile. Don't wear the Headache, Heartburn, and their kindred disorders, because your stomach is foul. Don't parade yourself around the world, covered with Pimples, Blotches, Ulcers, Sores, and all or any of the unclean diseases of the skin, because your system wants cleansing. Don't show yourself about, lean, haggard, all caved in, because your stomach and bowels need strengthening into healthy action. Ayer's Pills set these things right, as surely as water quenches fire. They purify the body and blood, and restore their function into healthy activity, which you can feel as quick as they are taken. They are the one great medical wonder of the age, recognized by all who know their virtues, and many thousands know them. Take the Cherry Pectoral for a cough, and the Pills for all derangements requiring a purgative medicine.

Prepared by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Sold by Shreve & Macy, White Cloud, Kansas; Reed & Sturges, Iowa Point, Mo.; James N. York, Omaha, Neb.; J. H. Mann & Co., Brownville, Nebraska; Peter, Frazer & Co., Oregon, Mo.; Barnard, Adams & Co., St. Louis; Van Lear & Brittan, St. Joseph; and by all Druggists.

GARDNER'S OIL.—This article, which is advertised in our paper, is one of the best of articles. It is not, like most of the patent remedies of the day, made to make money on merely, but is composed of remedial properties that are truly valuable, and has accomplished more astonishing cures than any other article professing the same virtues. It is, in fact, just what it is advertised. We understand that the wife of Jacob Clapper had a stiff joint on one of her hands, which had been so for some time, until a few weeks since, when she was induced to try Merchant's Gardening Oil; and astonishing to say, the joint is as pliable as any on the hand. The article is calculated for either man or beast, as will be seen by reference to the advertisement.—Valley (N. Y.) Weekly Times, May 15, 1855.
